Dear Patient:

After over 40 years in practice, I am writing to inform you that I will be retiring and therefore closing the Iowa Vein Center as of August 31, 2018. I will be happy to be available to serve your medical needs until that date.

If you would need to find a new specialist, you may have to contact your insurance carrier to find a provider who is in their network. For the convenience of our patients, your medical records will be located at the **Vein Center at Iowa Heart, 5800 University Ave, West Des Moines, (515) 633-3666** effective September 1, 2018. Your record will be kept for seven years from the date of your last visit.

For spider vein treatments:

Dermatology PC, 6000 University Ave, Ste 450, West Des Moines, 515-241-2000

Harlan Dermatology, 8131 University Blvd, Clive, 515-225-8180

Skin Iowa PC, 1045 76<sup>th</sup> Street, West Des Moines, 515-223-0119

Should you decide on another physician to have a copy of your medical records, you will need to request your medical records to be transferred to your new physician. The office will be open until August 31, 2018 to process your request. After that date all requests for medical records should be sent to the Vein Center at Iowa Heart at the address above.

I would want to thank you for having chosen me and my team for the care of your venous disease all these years. It has been my pleasure and honor to serve you. I wish you continued health and wellness.

Kindest regards,

Jose A. Olivencia, M.D.

Medical Director
